Wire Reports

WOULD-BE ASSASSINS OF
PREMIER ARE STRANGLER

Manchu Clans Meet Tomorrow
to Finally Decide Matter
of Abdication

PEKIN, Jan. 18.—The rebel advance on Pekin began today, according to Shanghai dispatches. Transports of troops sailed from Shanghai simultaneously with the movement of troops from several provinces. Gunboats are conveying four transports with four thousand well equipped soldiers.

Five columns of rebels are expected to converge tonight near Tien Tsin, when a march to Pekin will begin. The countryside is aroused. It is reported that hundreds are joining the rebel march. Rebel agents here are active. Many arrests have been made.

U. S. TROOPS DUE TOMORROW
PEKIN, Jan. 18.—American troops to guard the Pekin Railway are due to arrive from Manila at Chin Wang tomorrow on the transport "Logan."

WOULDBE ASSASSINS ARE PUBLICLY STRANGLER
PEKIN, Jan. 18.—Yuan Tui Pong and three accomplices in a plot to assassinate Premier Yuan Shi Kai were publicly strangled by the executioner.

DOWAGER EMPRESS TO DECIDE ABDICATION
SHANGHAI, Jan. 18.—Decision as to whether the Manchurian emperor will abdicate or not will come at tomorrow's meeting of the imperial clan at Pekin. It is believed the majority of the Manchurian princes favor the ending of the war by the emperor's withdrawal. The decision really rests with the dowager empress.

Royal Treasures for Sale
Many of the treasures of the Pe-kin and Manchurian palaces, worth millions, are being offered for sale. A number of American and European agents are negotiating for them. The minor palace and also the Forbidden City are being depleted. Mukden was the former Manchurian capital, and the palace there is a museum of historic and sentimental relics.

Massacres Confirmed
A relief expedition headed by Capt. Sowerby, a member of the British League of Frontiersmen, has returned to Pekin. The members found the provinces of Shensi, Shanxi and Honan in a state of anarchy. Outlaws and revolutionists, they declare, are indistinguishable, while the imperialists are equally lawless.

The expedition reports that awful murders have been committed at Sian Fu, the wife of the Scandinavian missionary, Bockman, being one of the slain. Children were butchered among 10,000 Manchus killed. Members of the expedition believe the foreign governments should order all foreigners to leave the interior, as some missionaries refuse to leave their posts without official orders.

MILL STRIKERS CHARGED WITH DYNAMITE PLOT

LAWRENCE, Mass., Jan. 18.—Charging the striking millhands with plotting to dynamite their plants, mill officials have demanded that Governor Foss send two more regiments of militia and also declare martial law.

The officials say the plot includes dynamiting the Foss home. The strikers are indignant at the charges. Mayor Scanlon has seconded the demand for troops.

Dunkard Revival
The Church of the Brethren (or Dunkards) will begin a revival effort on Sunday, Jan. 21. Andrew Hutchinson (known as the walking Bible) will do the preaching. He is a very able speaker. It will be worth one's while to go out to hear him at 7:30 p.m., at the corner of First and Lacy streets. All are cordially invited.

Licensed Yesterday
A marriage license was issued yesterday in Los Angeles to William A. Colman, 39, of Anaheim, and Mary E. Hetrick, 32, of Lincoln.

High Brows in Division Over Wifely Duties

PHILADELPHIA, Pa., Jan. 18.—The differences in opinion of Prof. Simon Patten, head of the department of economics of the University of Pennsylvania, and his wife, aired in the divorce court, are causing a division in University circles. Prof. Patten gives the following rules to women who wish to avoid domestic discord: "Arise at six-thirty. Prepare breakfast in fifteen minutes. Earn at least three-fifths as much as husband. Work hard six hours daily. Retire promptly at nine-thirty."

Mrs. Patten replies: "Only inadequates ask their wives to help support the family. No woman should arise at six-thirty. Women must have amusements. Good wifehood and motherhood cancels all other obligations."

Queen Wilhelmina Ill—Condition Is Serious
HAGUE, Jan. 18.—Queen Wilhelmina's condition is serious. She passed a restless night. The king has been called from his hunting trip. The birth of an heir is still expected but arrival now is fraught with danger.

New Mexico's First State Legislature, March 11
SANTA FE, Jan. 18.—An official call for the first state legislature of New Mexico on March 11, has been issued by Governor McDonald.

DYNAMITING—INDIANAPOLIS
INDIANAPOLIS, Jan. 18.—Several subpoenas for new witnesses in the federal dynamite probe have been issued. Their identity is kept secret. McManigal is again a witness today. It is expected he will conclude his evidence tomorrow.

Harvard Confirms Bacon in New Office
BOSTON, Jan. 18.—Robert Bacon, who resigned as American Ambassador to France, was yesterday confirmed as a member of the Harvard corporation at a meeting of the Board of Overseers in this city.

Flower Pot Factory Installed at Redlands
REDLANDS, Jan. 18.—A factory is being installed on Fourth street for the manufacture of flower pots. Machinery is being installed with a capacity of 250 of the pots a minute and the manufacture is to be on a large scale.

Centenarian Dies in Seattle
SEATTLE, Jan. 18.—Andrew Fuller, a pioneer, is dead aged 104 years. He was born in France during the Napoleonic regime. His youngest child is forty-eight years old. He had fourteen grandchildren and seven great-grandchildren.

Two Killed in Gasoline Explosion
LOGANSPOUT, Ind., Jan. 18.—Samuel Watkins, proprietor, and Edith Schrader, stenographer, were killed in an explosion of gasoline in a broom factory. Others narrowly escaped. The factory was burned.

Jailbreakers Captured—Nearly Starved and Frozen
FLAGSTAFF, Jan. 18.—John Sullivan and Jesus Marino, jailbreakers, who escaped on stolen horses, were captured at the Jay Cox tanks sixty miles south. Nearly starved and frozen, they were brought here today.

EQUADORANS FLEE FROM HOME IN REAL PANIC
GUAYAQUIL, Jan. 18.—This city is still in a state of panic owing to the defection of the crew of the cruiser Bolivar to the support of the Queiro government. The inhabitants, fearing that the Bolivar will shell the city, are deserting their homes to seek shelter.

The mutiny on the Bolivar took place at midnight last night and shells were immediately directed toward the gunboat Tarqui, which has remained loyal to the provisional government of General Montero. The Bolivar then dropped anchor in front of the port of Duran.

The situation has been relieved somewhat by the news that the United States has dispatched four warships to this port.

CONGRESS LIKELY TO BE IN SESSION TILL NEXT AUGUST

WASHINGTON, Jan. 18.—The Democratic and Republican leaders in the House of Representatives agreed that there was little likelihood of Congress adjourning before August next. It was said that this probability largely influenced the Democrats in choosing Belmore as the national convention city. The Republicans will have a more awkward situation to deal with in holding their convention in Chicago with Congress in session.

The condition of Congress being in session during national convention periods has not existed since 1892.

AVIATION MEET MAY FEATURE SANTA ANA

Ferris Proposes That One Day Be Set Apart Especially For This County

LETTER-CARRYING FLIGHT CALLED OFF

Miss Blanche Scott Has Made Arrangements to Use a Martin Biplane

A telephone message was received today from Dominguez Field stating that Dick Ferris, manager of the aviation meet to commence on Jan. 20, is willing to arrange for a Santa Ana and Orange county day during the meet. If such a day is featured, Glenn L. Martin, the Santa Ana aviator, will do his best flying on that day, and will pull off some of his fanciest stunts. It was stated that Ferris would today call up some of the heads of the Santa Ana civic bodies in reference to the matter. The only condition that would be attached to featuring the day would be that the civic bodies offer some trophy, a cup for instance, to be awarded for flying on that day.

The arrangements that were announced to the effect that today Martin would fly to a number of nearby towns and deliver letters to the various mayors inviting them to the aviation meet were called off, and the flights were not made. Here in Santa Ana there was a great deal of disappointment over the non-arrival of the aerial messenger.

This morning Miss Blanche Scott made a number of flights in one of the three biplanes that Martin has at the aviation field.

Miss Scott has made arrangements with Martin for using this machine during the meet. She has tried out a number of aeroplanes since she arrived at the field, and believes that Martin's machines are the safest and best on the field.

BRYAN SAYS GUFFEY TYPE IS MENACE

Asserts Men Like Pennsylvanian Are an Insult to the Democratic Party

LINCOLN, Neb., Jan. 18.—Despite his failure to oust James E. Guffey of Pennsylvania from the Democratic National Committee, W. J. Bryan renews his attack in the Commoner, saying:

"When the reader reviews the history of that contest, he is not surprised that the party finds difficulty in conducting a successful campaign under the leadership of a committee that can insult Democrats by the election of such a man as Guffey. These men are a menace to the party's success."

WOODROW WILSON IS DISAPPOINTING SAY WATTERSON

DETROIT, Mich., Jan. 18.—Refusing to discuss Henry Watterson's attack, Gov. Woodrow Wilson said: "I am not prepared now to speak regarding the attitude of Henry Watterson, but may talk later."

Wilson refused to discuss his demand that Harper's Weekly withdraw its advocacy of his presidential candidacy. He speaks tonight at a non-partisan banquet, at which Gov. Osborn will be toastmaster. Later he will address a Democratic rally. Chatting with reporters, Gov. Wilson said:

"I have changed my views on the initiative and referendum. Both seemed to work splendidly in Oregon. I now favor both. I must say that I disapprove of the recall of the judiciary. It attacks a symptom instead of the disease."

"SCHOOLMASTER NOT STATESMAN" SAYS MARSE HENRY

LOUISVILLE, Ky., Jan. 18.—That he had hoped to find in Woodrow Wilson another Tilden, but had found "rather a schoolmaster than a statesman," was the declaration of Henry Watterson, the veteran Kentucky editor and Southern Democrat, in a statement made here last night in connection with the break between Gov. Wilson and Col. George Harvey.

SAYS MEXICANS RAISE PER CENT

Influx Responsible For Over Four-Fifths of the Increase in Crime

FULL TEXT OF THE GRAND JURY REPORT

Investigating Body Objects to Being Known Among People as a Joke

Yesterday afternoon at 2:45 o'clock, the grand jury adjourned, receiving the thanks of Judge West, to whom the report was made, for faithful and conscientious work during the forty-four days that have elapsed since the grand jury was sworn in on Dec. 4. In its work the grand jury was assisted by two expert accountants, G. A. Whidden of Santa Ana and F. M. Gulick of Orange.

Before adjourning yesterday all bills incurred by the grand jury were filed. The total expense is \$1461.40. This includes the pay of the grand jurors \$2 per day and automobile hire for the journeys taken over the county by the roads, public buildings and cities committees. The bill of J. M. Gulick, expert, is \$165, and of G. A. Whidden, expert, \$97.

Judge West commented briefly on the work of the grand jury, saying that he knew that the aim of the body had been fearless and earnest in its investigation and the best interests of the county. He commended the report, and in remarking upon the Mexican problem, said:

"You have brought out some points concerning a very serious condition. There is no question but what the indigent and criminal class of Mexicans in this county is rapidly increasing. I think I am not overstating the matter when I say that fully eighty-five per cent of the increase of the criminal business of this county is due directly to the influx of a criminal class from Mexico. It is a serious problem. What can be done to effectively remedy the situation is more than I can say."

The full text of the grand jury report, read by the secretary, A. E. Stockslager, follows:

Santa Ana, Cal., Jan. 17, 1912. The Orange County grand jury is composed of the following citizens of said county:

M. S. Davis, Geo. A. Shoemaker, Willard Smith, J. A. Phinney, J. B. Sutton, Geo. Claussen, W. M. Kenyon, E. H. Dierker, C. S. Hubbard, E. A. Stockslager, J. K. Cravath, Phil Phillips, R. J. Webster, A. L. Cotant, Chas. F. Heil, B. S. Barton, W. S. Hill, F. E. Anderson, F. A. Holbrook, and E. A. Stockslager as secretary.

Having investigated all matters and things relating to the business and financial affairs of Orange County and its various cities, beg leave to submit the following report of their recommendations, criticisms and commendations:

To the honorable Z. B. West, Judge of the Superior Court of Orange County, State of California.

The report herewith given we desire it to be clear enough so as to give you full information in regard to the county's property and work of its officials.

In looking over the recommendations of some of the past grand juries we find where they have called the attention of certain officials to certain improvements badly needed even from a humane standpoint, and yet there has been no attention paid to it at all, and unless there is a way found to enforce the urgent recommendations of the grand jury, its efforts are of no avail. We have frequently heard in our trips over the county, also from some officers that the grand jury is a joke, therefore, when your attention is called to the neglect or inefficiency of an official or the waste or destruction of county property, some official notice should be taken of it. While we realize our inability to enforce such changes as we would advise to improve the public service, yet, if our public officials would carefully read this report and give it due consideration we believe, quite a marked improvement would be the result in many ways, generally speaking, the people of Orange County have a very capable corps of officials, and we cannot too strongly express our appreciation when we find an official faithfully performing his duties for the people. The officials have all been courteous and offered all possible assistance.

COUNTY OFFICIALS

Supervisors.—We examined and checked all vouchers and with few exceptions found them correct, and when their attention was called to them they were corrected at once. The grand jury held a one day session with the Supervisors and asked for various changes in the affairs of the county, among them was to improve

TAFT BELIEVES CUBA CAN SOLVE PROBLEMS

Thinks Intervention Will Not Be Needed—Islanders Promise to Behave—Business Men Satisfied.

WASHINGTON, Jan. 18.—The announcement from the White House states that President Taft believes intervention in Cuba will not be necessary. He expects that the island government will solve its own problems.

UNITED STATES' WARNING BROUGHT CUBA TO REASON

HAVANA, Jan. 18.—The conference at the President's palace adjourned at 1:05 o'clock this morning. It was announced that all the elements had reached an understanding to unite in a policy that would remove any excuse for intervention. Details of the agreement have not been divulged. After the conference General Eusebio Hernandez said it was realized

that the United States had acted in the best interests of Cuba and as the truest friend of the Republic.

Business Is Satisfied
At the opening of the Board of Trade today the prospect of intervention by the United States was regarded generally with satisfaction, especially among the Spanish element. Merchants almost unanimously expressed the opinion that the regulation of the army of Cuba by the United States would have the happiest effect to immediately stimulate business, which has been depressed by the lack of confidence now pervading the country. Reports from all parts of the island show that there is not the least tendency to disorder.

FIFTY THREE WERE LOST ON "WINSLOW"

American Vessel Sank Yesterday Off Peterhead Rocks—Four Were Rescued

LONDON, Jan. 18.—Fifty-three members of the crew of the steamer Winslow perished when that ship foundered in a gale off Peterhead rocks. Four clung to the wreckage, and were rescued.

The Winslow was the vessel sent to sink yesterday, according to Aberdeen dispatches. Her name was not known then. She was bound for Liverpool. Great damage has been done throughout the entire coast. The storm continues.

FLED FOR THEIR LIVES IN CHINA

SAN FRANCISCO, Jan. 18.—After fleeing for their lives from a country desolated by war and infested by outlaws, J. O. Ogden and wife and two-year-old daughter, arrived today on the Nippon Maru from China. The Ogdens have been missionaries at Batang, Thibet. They started for the coast in October, when the massacres began, and covered sixteen hundred miles of territory never traversed before by a white woman. The Ogdens were accompanied by Dr. Hardie, a missionary, an Australian family named Eddy, and an Englishman named Clements. On the thirty-first day they fled from bandits who captured and massacred eight other foreigners. The Ogdens are bound for their home in Lexington, Kentucky.

"No Evidences of Corruption" Is Verdict in Probe of His Election to Senate

WASHINGTON, Jan. 18.—"No evidences of corruption" is the unanimous verdict of the Senatorial subcommittee probing the election of U. S. Senator Isaac Stephenson of Wisconsin, announced today. This report will be returned to the Senate committee on election and privileges.

CUMMINS OF IOWA SOON TO ANNOUNCE WHITE HOUSE HOPE

WASHINGTON, Jan. 18.—There appears to be no longer any reason to doubt that Senator A. B. Cummins of Iowa has concluded to announce in a few days his candidacy for the presidency.

Iowa men close to the senator say that before the end of the week he will let it be known that he is willing that Iowa should select delegates to the next presidential convention at Chicago instructed for Cummins.

"MOTHER" JONES IS FOR THE McNAMARAS

Charges Mine Owners With Murder—Mine Workers Cannot Indorse Socialists

FRESNO, Jan. 18.—Upholding the dynamite activities of the McNamaras, "Mother" Jones, aged eighty, a member of the United Mine Workers of America, went on record before the State Building Trades Council that labor should stand by the McNamaras. She said:

"There may be weak-kneed ones among you who have howled with the 'higher-ups' against the McNamaras. But I pray God may give us more like these two boys. She declared that scores of union miners have been 'murdered' in the mines of West Virginia and Pennsylvania through the carelessness of wealthy mine owners.

MINE WORKERS CANNOT INDORSE SOCIALISM

INDIANAPOLIS, Jan. 18.—Probed by its constitutional limitations from favoring any specific political party, the United Mine Workers of America, controlling hundreds of thousands of votes, have adopted a substitute resolution for the one passed yesterday indorsing Socialism. The new resolution recommends independent political thought.

The substitute resolution suggested the probability of a time approaching when it will be necessary for the laborites to enter political and industrial fields.

The bill introduced into Congress by Victor Berger, Socialist, providing a pension for the aged and infirm, was indorsed, with particular stress on that portion making it impossible for any court to annul the law.

White's Majority Big

INDIANAPOLIS, Jan. 18.—President White of the United Mine Workers was re-elected to the presidency by a majority of 45,455 over Tom Lewis, former president. Vice President Hayes was re-elected by 62,000 majority. Secretary-Treasurer Perry was not opposed for re-election.

DR. TANNER TO BE WITNESS IN "FAST CURE" DEATH CASE

PORT ORCHARD, Wash., Jan. 18.—The jury for the trial of Dr. Linda Burfield Hazzard, a fast cure specialist, charged with responsibility for the death of Miss Claire Williamson, has been completed. The case began this afternoon. The defense will be that the woman died from natural causes. Dr. Tanner, the forty-day faster, will be a witness for the defense.

\$10,000 REWARD FROM STATE GOES GLIMMERING

SACRAMENTO, Jan. 18.—The ten thousand dollar reward supposedly offered by the state for the capture of the Los Angeles Times dynamiters went glimmering when Comptroller Nye refused to grant the demand of District Attorney Fredericks of Los Angeles, who is collecting for his detectives and W. J. Burns. He declared the reward was never offered by the state officially, and that the contingency fund which was supposed to provide for the fund contains but \$59.

HOLD-UP MAN TAKEN TO JAIL

Constable From Huntington Beach Lands Man Who Robbed at Point of Gun

BURGLARY REPORTED TO THE OFFICERS

Warning Given to Beware of Suspicious House to House Solicitors

Constable Sorrenson of Huntington Beach today landed a Mexican named Jesus Barillo, charged with robbing S. S. Siket on Dec. 7 of a gold watch, a silver watch and \$12.22. Siket says the man held a revolver on him and made him deliver.

Sorrenson has been working on the case for some time, and finally got evidence that convinced him that Barillo is guilty.

Burglary Yesterday
Constable Jackson today was informed that Roy Clapp's house on Logan street was entered by a one-armed hobo yesterday and a lady's gold watch was stolen.

Today two young men sought a secluded place on West Fourth street, and are thought to have divided the spoils of some theft. Where they stood a woman's red silk stole was afterwards found.

Constable Jackson said that housewives should be warned against suspicious characters who have been going around town the last two or three days seeking to mend carpet-sweepers or other articles. Some of these men are thought to have endeavored to enter houses when they found no one at home.

DOUBLE GUARD FOR BERT CONNORS CELL

Order Wired From Indiana By Sheriff Hammel—Return of Fredericks Expected

LOS ANGELES, Jan. 18.—Sheriff Hammel wired from Indianapolis to double the guard about the cell of Bert H. Connors, on trial on the charge of complicity in a plot to dynamite the Hall of Records here. The significance of the telegram is not known, unless Sheriff Hammel possesses information of an attempted jail delivery which has not been found out here.

FREDERICKS' REPORTED RETURN SEEMS SURE

LOS ANGELES, Jan. 18.—There were persistent rumors that Bert H. Franklin, accused of bribing and attempting to bribe McNamara jurors, will appear before the county grand jury when it resumes this afternoon. Franklin states he does not know when he will be called to report.

That District Attorney Fredericks is hurriedly returning from Indianapolis has been partially confirmed, although his office is silent on the matter. The opinion is growing that the grand jury has completed its work and is ready for the returning of indictments which are being withheld pending Fredericks' arrival. Certain quarters expect him today.

GOV. FOSS UNLIKELY TO SAVE RICHESON FROM DEATH CHAIR

BOSTON, Jan. 18.—The final hope of saving Rev. C. V. T. Richeson from electrocution was apparently dispelled when Governor Foss urged the pardon board to refuse clemency to Silas Phelps, sentenced to death for murder. It is not believed now that he will interfere with the death sentence of Richeson.

RECOVERS BICYCLE STOLEN AT ANAHEIM

Constable Jackson Ferrets Out
Real Owner—Wheel Was
Sold For \$13

A Clever Method of Hoodwink-
ing Dealer Worked Out
Successfully

A bicycle stolen at Anaheim two weeks ago was recovered today by the owner, George Hatfield of Anaheim, through the services of Constable C. E. Jackson. The bicycle was sold two weeks ago to the Hoxsie Bicycle Shop for \$13 by a man who said he rode it here from Santa Paula. Hoxsie informed Jackson of the purchase several days ago, and when in Anaheim yesterday Jackson gave the number to the Racycle dealer there. The dealer immediately stated that the bicycle was one stolen from Hatfield. Hatfield today proved his property.

Jackson was unable to get any trace of the stealing of the Racycle that a stranger tried to sell on East Fourth street about two weeks ago. Jackson held the man who was trying to sell the wheel, but had to turn him loose. The bicycle passed through the Los Angeles agency to some outside agency, but the Los Angeles agency's records did not show where it went. So Jackson

was defeated in his attempt to trace the wheel.

Yesterday the sale of a bicycle stolen at Orange was consummated in a clever manner here. A man went to Gerwing's shop and asked to have a plug put in a tire. Gerwing told the man the hole would not stand a plug and the tire was not worth vulcanizing. The man started to negotiate for a new tire, saying he was sorry he had tried to ride the trip from Los Angeles to San Diego, that the trip was more tiresome than he expected. He said he thought he would sell the wheel and take the train to San Diego. Thus the man drew an offer of \$11, which he took. Later in the day it turned up that the bicycle was stolen at Orange yesterday morning.

Bicycle stealing activities in this county have developed quite rapidly in the last three or four weeks, and the officers are on the alert.

LAPIQUE IS LOSER AND \$5 FINE STANDS

Los Angeles Times: The Court of Appeals yesterday denied the writ of review in the application of John Lapique in an action involving his fine for contempt of court by Judge West of Santa Ana. It seems that the Los Angeles attorney did not properly respond in a case in which he was attorney and Judge West fined him \$5. Lapique paid the fine and then asked the Court of Appeals to review the matter.

AUTOMOBILE EXHIBIT AT WM. F. LUTZ CO'S

Don F. Peake, factory representative of the Studebaker Corporation, is at the Wm. F. Lutz Company's salesrooms exhibiting the cut-out chassis of the E-M-F and Planders automobiles. In the two cars on exhibition portions of the casings of the motor, crankshaft, differential gears and other working parts have been cut away, showing every part of the mechanism in motion. The machinery is driven slowly by an electric motor which gives an excellent opportunity to study every detail of construction of all the vital parts of the cars.

Mr. Peake is here to explain all about the making of Studebaker cars and answer any questions about them.

The exhibition cars will be here all

this week, and possibly next week, and will be found interesting and instructive to all motorists or anyone else who wants to learn more about inner workings of automobiles.

OVER TWO MILLION AND HALF ESCROW

The annual meeting of the stockholders of the Orange County Title Co. was held yesterday and C. E. Parker, A. J. Crookshank, Frank E. Chas. A. Riggs, A. J. Visel, Thomas McKeever and W. A. Zimmermann were elected as the board of directors. The board organized by electing C. E. Parker president; A. J. Crookshank, vice-president; C. A. Riggs, vice-president; F. W. Mansur, secretary; M. M. Crookshank, treasurer. The reports of the officers showed that during the last year the company handled an escrow business of over \$2,500,000, showing a substantial increase over the year previous.

The Great Aviation Meet Glenn Martin Prominent

LOS ANGELES, Jan. 18.—When Manager Dick Ferris fires the opening gun at the People's Aviation Meet next Saturday, the most famous and daring aviators and birdwomen in the world will wheel their trail machines from the hangars and sail fearlessly into the air.

The list of aviators numbers among it the most dauntless flyers of the heavier than air craft, men who have won international fame like Beachey, Gill, Martin, Turpin, Parmelee, Willard, Mars, Masson and Cook. Frank Goodale, who flew over New York City will uphold the honors of the dirigible, and Blanche Scott "the tomboy of the air" and unquestionably the most intrepid birdwoman in the sport, will fly one of Glenn Martin's special speed biplanes in an effort to smash the speed record. Pitted against her will be Myrtle Dennison, the famous California aviatrix.

The program arranged by Manager Ferris is the greatest card ever listed and includes some of the most spectacular feats known to aeronautical science. Variety will be the order of

the day. For the first time in history the U. S. Mail will be carried by the sky craft and for the first time on record a fleet of aeroplanes will sail the skies at night while searchlights on the field below trace their course in the air. A sham battle, the last word in thrilling realism, will take place 4000 feet in the air, and from that dizzy height the air pilots will drop bombs on an imaginary fort. Speed is the cry of the aviators and some of the fastest monoplanes and biplanes ever constructed are resting in the hangars awaiting the starter's gun. Manager Ferris expects all speed records to fall between Jan. 20 and 28.

"Never before was such a galaxy of stars assembled on any field," said Ferris the other day, "and with keen rivalry between them all, spectators are assured of the thrill of their lives. Blanche Scott has been practicing at Dominguez all week. Her mad antics in a Curtiss have caused the old timers to sit up and take notice, and it is expected that even Lincoln Beachey, 'the king of dare devils' will have to look to his laurels."

POPE PIUS GREETS AMERICA THROUGH CARDINAL FARLEY

NEW YORK, Jan. 18.—Cardinal Farley, on his return yesterday from Rome, where he recently received his cardinalate, brought the following message to Americans from the Pope:

"I admire your hospitable country, where the people of all nations are welcomed and where liberty is assured. I pray continually for America, realizing the great future it offers men knowing how to use liberty with regard to the liberty of their neighbors. I am fully alive concerning the future of the church and of the nation as well. My earnest prayer is that its greatness may continue."

The cardinal declared that the Pope's physical condition is marvelous and that his eye and brain are of the clearest.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associated organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Santa Ana only at our store—The Rexall Store, Wheeler & Mateer Drug Store, 104 West Fourth street.

POSTAL TELEGRAPHS

One does not have to be a public ownership enthusiast to agree with Postmaster-General Hitchcock's recommendation for the national operation of the telegraph service. It is like the municipal ownership of water supply—a thing to be agreed to even by those who believe in the public ownership of nothing else.

The nationalization of the telegraph service is almost as universal as the municipalization of the water works. Almost every civilized nation except our own now runs its own telegraphs, as a part of the mail system. The purpose of the telegraph is precisely analogous to that of the mail. And the carrying of mails is recognized as a public function everywhere. Why not expand the service, on the one side to carry bigger things, and on the other side to send swifter things. The other nations have both the parcels post and the postal telegraph. A mail system is not complete without both. We have turned over to private corporations two-thirds of the functions of the mail service. It is high time we restored the whole of it.

The matter has been discussed and advocated, even by conservatives, for twenty-five years. Lack of money and respect for vested interests have obstructed its consummation. The money can be had now, and the property itself could be made to pay off the bonds. Vested interests could and would be compensated, and we should have a universal telegraph service, going wherever the mail goes. It is an improvement at least fully due. It is good to know that it is in a fair way to realization.—Fresno Republican.

REPORT OF THE GRAND JURY

(Continued from page one)

the conditions of the jail, as it now is the hoboes and felons have a warm place to stay in, while the insane cell, it is impossible to get a spark of heat in it, and those detained under arrest waiting for trial can get a little warmth from an oil stove, no other means possible. The supervisors pledge themselves as in favor of at once making the necessary improvements at the jail, so as to at least humanely treat the unfortunate insane and those awaiting trial.

Indigent Question.
One of the main questions considered was the indigent hospital and county physician expense bill to the county. We found by looking over the warrants that for the fiscal year 1910-1911 that there had been paid out on above first two items the sum of \$29,799.49; county physician in addition, \$13,550. Total for the above three items, \$43,349.49. For drugs alone, \$15,893.55; for hospital fees, \$6,670.19.

To give the taxpayers a little idea of what percent of their total tax burden, the above is. We give the following figures, the total tax rate for above fiscal year was \$1.20 on the \$100.

To the state was\$0.35
To the school was22
.....\$0.57

For general county purposes, \$0.63 being 63c on the \$100 for all purposes outside of state and school. For indigent and hospital expenses a little more than 1-5 of the 63 cents, therefore 1-5 of all taxes collected outside of school, it takes to pay the above three items.

The grand jury, after studying the above expense bill have concluded to recommend to the supervisors that they call a bond election for \$50,000 for the purchase of a county farm and to improve said farm, and build a county hospital, in amounts as follows: Not more than \$30,000 for the purpose of buying a farm, not more than \$20,000 to improve the farm and build a hospital, as we are satisfied that the county will save a good many thousand dollars by owning a farm and hospital, and we unanimously urge the voters of Orange County to see that the above bond be carried, if submitted to you at an election.

Trimming of Hedges.
We also recommend and urge the supervisors to trim or remove all trees or hedges in the roads which obstruct the view and thereby endangers travel, as the hedge at the intersection of Main and Chapman streets. This hedge, the county surveyor informs us, is in the road, and we strongly urge the supervisor of this district to trim or remove it at once. In this age of fast travel, the community which takes the best care of its roads and dangerous places attracts the best class of citizens. We also recommend that the county physician be required, as part of his duties, to act as one of the insane commissioners in all cases, also to hold all autopsies free to the county.

Also that the county physician, as part of his duty, should be required to do the county's surgical operations or have it done and not as it is now, the county pays another surgeon to do the work. We recommend that this practice be stopped, and he required to do the work.

For Rockpile.
We also recommend and urge in the strongest terms possible that the supervisors provide rock, and compel the vagrants to build roads, and thereby earn their keep, so as not to keep and house them free, as this matter is now conducted, we just invite them to crowd our jail to overflowing, as we have on hand now in the jail from 50 to 75 all the time. By arranging so as to have them build roads they can be made a source of profit instead of a heavy expense.

We recommend and urge the supervisors to change the method of buying medicines for the indigent. The way it has been done heretofore, the county physician could throw nearly all of the drug business to one drug store, no matter if he was high or low in price, therefore we strongly urge that a system, hereafter, be adopted so that the lowest bidder gets the trade, thereby stop this abuse. We also urge that the county physician get the medicines otherwise than the expensive way of a prescription for each individual case. We condemn this practice.

We also recommend that the system of heating the court house be so changed that it can be heated in sections, as it is now done it must all be heated or none. We believe that the above change would be in the interest of economy.

Mexican Problem.
We desire also to call the attention of the supervisors to the rapid increase of the indigents and criminals among the Mexican portion of the population of this county. It seems as if there must be some cause for the great inflow of this class of people. We recommend that you call the attention of the proper United States official to this condition. It would not doubt be found that the immigration laws are being openly violated by the criminal and indigent class being sent across the line, if so, it should and no doubt be stopped to a great extent.

COUNTY OFFICES

Clerk.—We find this office run with great care, and efficiency, and deserves particular mention.

Recorder.—We find a splendid set of books, carefully, and systematically kept, a condition of which the county can well be proud of.

Receipts of this office for the year was\$15,283.05
Expenses of this office for the year was8,357.07

Net profit of this office for the year was\$7,025.98

District Attorney.—Affairs in this office were found in excellent shape. The office has disposed of 343 cases during the year.

County Surveyor.—The office is well kept, he has maps and other files which greatly concern the whole county.

Public Administrator.—We found his books well and accurately kept.

Sheriff.—His books are neatly and accurately kept, and has done quite a volume of business during the year.

Superintendent of Schools.—We found very neatly and accurately kept books, and they readily show the condition of the various funds.

Auditor.—We find that the total taxes for the year 1911-1912 charged to the tax collector by the auditor is \$663,866.71. We found the books in this office were well kept, so that the different items can be readily traced, which is very important in this office, as it has to deal with almost every other office in the county.

Treasurer.—We examined and checked up all the bonds and records of bonds sold since the formation of Orange County, and in fact some before, and found many necessary entries had been omitted and some incorrect entries were made, and after an unlimited number of corrections and entries made by the order of our committee the bond records are right on the county records, for the first time since this county has been a county, while the cash on hand is correct from the fact that it agrees with the amount called for by the auditor's books. On Dec. 6, 1911, we counted the funds and found in the county treasurer's hands \$230,470.94. The records are poorly and inaccurately kept. The warrant register is not kept balanced at all. We recommend and urge that the records of this office be not made up from loose leaf accounts, but be entered in the permanent records, and they be kept balanced so as to prove their correctness. A poll tax book should be kept as required by law, and all records of transfers of funds should show from what funds and to what funds. The records should show what district a warrant is chargeable to, and the date of payment. We condemn this loose way of trying to keep track of the people's finances. The accounts of the Newbert Protection District, Bolsa, Delhi and Talbert Drainage District, we examined and they are now in proper shape and being well kept.

Assessor.—We found the books of this office well kept, and we believe the officials are honestly trying to readjust the assessments so as to be fair

and just to all interests in the county.

Tax Collector.—In this office a vast amount of money is collected and accounted for in a very short time, and we commend the office force for the efficient manner in which they handle the business.

Bee Inspector.—J. F. Pleasants has been very efficient and watchful over this one branch of the county's industries, and we commend him for his faithful work and believe he is the right man in the right place.

Horticultural Commissioner.—By order of the foreman of the grand jury the committee on cities examined the books of the horticultural commissioner. We found he had no system or in fact kept no books at all, only at times. We strongly condemn this manner of accounting for the people's money, and advise that action be taken to compel him to keep books so as to account for all moneys received by him and show what he has done with it.

JUSTICES' OFFICES
Justice of the Peace.—We called on eleven, being all in Orange County. We found that Justice J. B. Cox of Santa Ana had done much more business than any other one, and his books are well kept, and he held receipts showing that all money had been paid over to the proper officials, and all other justice's books were in good shape, and receipts showing that all money collected had been properly accounted for. The justice at Fullerton had done no business during the year.

COUNTY BUILDINGS
County Park.—At the county park we found all buildings in good repair.

Hospital.—We found the inmates well taken care of and generally in good condition as could be expected in an account of the buildings which are not fit for the purpose at all.

Courthouse.—We found it well taken care of and in good repair except the roof which needs some repairs as it leaks in several places, and the cupola needs painting badly.

Detention Home.—We found Mr. Hill, the superintendent, to be the right man in the right place. We wish to highly commend him for the manner in which he cares for the dependent children in the home. During the first year there has been 35 dependent sent to the home. There is an average of 12 children in the institution, one teacher is employed and all the inmates attend this school except one, who attends the Commercial High. The buildings are in good repair, except a fire escape is badly needed.

Schoolhouses in Cities.—We found in all incorporated towns that the schoolhouses were in good repair, except Huntington Beach High School had no pulley for a flag, and all public buildings were in good shape except the jails were bad in nearly all towns. In Santa Ana the schoolhouses were in good repair except the Fifth street school house needs a lock on one door, and a covered tramway should have been built long ago between the High School building and the Commercial for the protection of the pupils going back and forth. They tell us it is to be built, but we urge that it be done at once. At the domestic science building the toilets were not in good condition. We would recommend that in the library building in Santa Ana, that the toilet be arranged so as to be more convenient for public use.

Schoolhouses Outside Incorporated Towns.—We find them and their equipment range from the most modern to the old-time building, gloom, dust, and unsanitary conditions. Toilets in most of the schools are in bad condition. Sanitary drinking fountains are found in most of the schools and water good.

Alamitos.—This schoolhouse is bad. It should be condemned; toilets bad.

Los Alamitos.—Fair condition, ground should be fenced. Boys' toilet in bad condition.

Bolsa.—Light bad; this should be improved. Blackboards bad in primary room. Toilets bad. No flag.

Buena Park.—In fine condition.

Centralia.—In good condition, except yard should be filled as water stands in it.

Cypress.—The building is in good condition. There is a mud hole caused by the water supply which should be stopped.

Delhi.—Things in excellent condition, are putting sand in the yard which we commend. A different entrance should be made to the ground.

Diamond.—In good condition, would suggest moving the stables.

El Modena.—Things are in good condition.

El Toro.—Old buildings, poor water supply, toilets bad, no flag.

Fairview.—Good condition, need more room, need sand in yard, no flag.

Garden Grove.—Everything in good condition. We find nothing but commendation for this school.

Harper.—Everything in excellent condition. We highly commend this district.

Laguna.—In good condition.

La Habra.—In fine condition.

Magnolia.—Building in good condition, but toilets very unsanitary.

Villa Park.—In splendid condition.

Newhope.—Old building, very dusty, water in fountain makes mud hole, should be stopped.

Old Newport.—Building out of date, should be a new one. Toilet bad, no flag.

Ocean View.—Building old and gloomy, should have better bridge across ditch in front. Fence needs repairs, toilet bad, no flag.

Olinda.—Building good, everything in good condition.

Olive.—In fine condition.

Fountain Valley.—In fair shape, except boys' toilet is disgraceful, yard needs some sand, no flag.

Orangethorpe.—The plastering on the ceiling should be repaired. The

old papers should be cleaned from under schoolhouse. It is dangerous. The bees should be removed, as it now is, it is dangerous for the children.

Peralta.—Building good, needs new roof on boys' toilet.

Placentia.—Building in good condition. Are planning to build a new one.

Randolph.—In good condition, except no chimney. All stove pipes pass through the transom. There should be all means be a chimney built.

San Joaquin.—Good condition, there should be a sanitary drinking fountain arranged, no flags.

San Juan.—A beautiful new building, modern. A credit to the community and the county.

Springdale.—Fine condition. Everything clean, it would be well to cut the weeds out of back yard.

Tustin.—All in fine condition.

Westminster.—Building old and dirty, doors swing in, this is bad in case of fire, boys' toilet disgraceful, should have new one. We commend the teacher for the flowers in the room.

Yorba.—Building in bad condition, should be repaired. Bees have taken possession, they should be removed. The toilet is bad.

County Roads
Roads throughout the county are improved greatly in some places. Other places need attention at once.

We find the road on section line three miles west of Garden Grove needs work badly. The road west from Westminster towards Bay City is very bad. Also the road running north to the Long Beach road needs work. South end of Main street road narrow and poles are set in the road so that it cannot be graded.

Road running north from Talbert is very sandy; it needs grading and oil. In Laguna Canyon on some short turns the road is too narrow, making travel dangerous with autos.

We desire to call the attention of the supervisors to the road from Serra to the San Diego county line. It is very bad. Of all roads this should be made fairly passable to meet San Diego county's work, to encourage travel from the north through this county to San Diego, as this travel is increasing greatly all the time, and we urge that attention be given this road at once.

We find the roads in the north part of the county fairly good, but much of it is very rough, and in many places needs grading, so as to keep water from standing on it.

Bridges
We find the Yorba bridge in a very dangerous condition. Supervisor Struck, after his attention was called to it, agreed to have it fixed at once. Also a small bridge southeast of Hewes ranch was in bad condition. The supervisor stated he would attend to this at once also.

The bridge across the Santa Ana river on West Chapman street at east end needs attention. Also some of the piling do not touch the sleepers. The bridge on Anaheim road in section 36 is broken through, and needs immediate attention.

A bridge two and one-half miles down the coast from Arch Beach is in bad shape and should be overhauled. On the road from El Toro to Capistrano, there is a bridge which needs immediate attention; the floor is nearly out.

The bridges from Serra to San Diego county line need attention at once. The second bridge down from Serra will go down when the rains set in. The second bridge below this has two stringers broken and needs immediate attention. A small bridge near the San Diego county line is nearly out.

The small bridges on Fifth street should have new railings. We wish to call the supervisors' attention to the bad practice of throwing rubbish, such as barbed wire, cans and such, along the road. On the road on the north side of section 24 one-half mile east of Ocean View schoolhouse the road is full of wire, tin cans, etc.

City Officials
We find by checking over the warrants, vouchers, and examining the books of the various officers in the several incorporated towns in the county, that the books and accounts, generally speaking, were well kept and that but few clerical errors were found.

Anaheim
We examined the books of the clerk, treasurer, recorder, marshal and librarian, and found the books balanced on the first day of each month. The balances check with each other's books, showing a balance of cash on hand Dec. 13, 1911, to be \$81,215.47, less outstanding warrants of \$54.50. We wish to compliment the officials there for the efficient manner in which they keep track of the city's financial affairs, and their system is the very best.

Newport Beach
We examined and checked the books of the clerk, treasurer, marshal, and tax collector and found a balance on hand Dec. 1, 1911 to be \$78,455.55, less outstanding warrants of \$3.90. The books of all officers were well kept and balanced each month, so that the balances could be checked through the different of.

Mrs. J. T. Brown of West Third street, entertained yesterday with a pleasant afternoon and a seven o'clock dinner. Covers were laid for Misses Anna Schmeideberg, Irma Ady, Burson; Mrs. W. R. Newman and daughter.

The problem of combined school and music study is one that confronts many parents. There is but one solution, provided the parent is determined upon a musical education for the child. School work and music study must be pursued at the same time. There are very few cases where this cannot be done.

A neglect of the study of music on account of pressing school duties means invariably a permanent postponement of this important part of every child's education and is always sorely regretted in later life. If parents realized this they would be more concerned with the sure, uninterrupted, though perhaps less rapid progress of the child.

It is a matter demanding the serious consideration of parents.

PRESIDENT OF MINISTERIAL UNION GIVES HIS VIEW OF DR. CAMPBELL

Editor Register:

In an editorial in Wednesday's Register entitled "Campbell's Theology," an opinion is quoted criticizing the Ministerial Union of this city for inviting Dr. Campbell to speak here. The person offering criticism is reported to give as the reason for the adverse opinion that Dr. Campbell is not orthodox. In view of this editorial, as president of the Ministerial Union, the following statement may be in order:

The Rev. Reginald J. Campbell, as is well known, is pastor of one of the largest churches of his denomination in the world. He is in good and regular standing, and though he has been under fire, the most determined of his critics, Dr. Forsythe, representing the extreme conservative wing in theology, has publicly acknowledged reconciliation. During his visit to America, Dr. Campbell has spoken in the great centers and has received ovations from coast to coast. His audiences have not been confined to one denomination. In view of such credentials an off-hand verdict of "not orthodox" would hardly appear sufficient reason for failing to entertain such a visitor.

The Ministerial Union at a duly called meeting at which more than an average attendance was present, upon the hearty recommendation of two members voted unanimously to invite Dr. Campbell to come. Pomona and San Diego both wished him for the same evening. The union, it may be said, is an organization of ministers of the city who seek by such fellowship to promote the cause of Christ, but in the spirit of love recognize the rights of the individual conscience. The same courtesy we extend to our guests. As to Dr. Campbell, it should be

stated that everywhere he produces the impression of Christian fervor and deep spirituality. His humble spirit, free from bitterness or harshness, despite the attacks of his critics, is Christlike. His personal influence is such as to lead men to a closer fellowship with Christ and to a more devoted service in the name of Christ to their fellow men.

Dr. Campbell is a scholar and a thinker. He is seeking to interpret Christian truth in terms of modern thinking. In this he is fearless, believing, as he says, "all truth is one, and all earnest truth-seekers are converging upon one goal." Jesus Christ is the center of his life and thought. "Nothing can be higher than the highest, and the life of Jesus was the undimmed revelation of the highest." "He is no abstraction but a spiritual reality, an ever-present friend, guide, our brother and our Lord." "When I speak of the eternal Christ, I do not mean some one different from Jesus, although I certainly do mean the basal principle of all human goodness." "In Him humanity was divinity, and divinity, humanity."

"He was God manifest in the flesh because His life was a consistent expression of divine love and not otherwise." These quotations are taken from his much discussed book, "The New Theology." Dr. Campbell's reference to the atonement, as quoted in the editorial, is to certain theories of the atonement which, while having a measure of truth, he shows to fail to express the full meaning of the Great Sacrifice. Referring to the Bible he asks, "Why should we be afraid of trusting the human soul to recognize and respond to its own truth?" which is only another way of stating the right of the individual to have di-

rect access to the Word of God, which right is the very core of Protestantism.

It is not strange that many of his utterances should arouse differences of opinion; every earnest Christian should think these matters out for himself. By thoughtful, open-minded people, though they may disagree with him at many points, the work of this great and reverent scholar is welcomed as a contribution.

CHARLES H. SECCOMBE,
President Ministerial Union.

GRAND JURY REPORT

(Continued from Page Four)

officials' books and see that all corresponded.

Huntington Beach
We examined and checked the books of the clerk, treasurer, marshal, and recorder and found a balance in the hands of the treasurer on Dec. 1, 1911, to be \$4086.42, less outstanding warrants of \$323.50. We found all books well kept and balanced the first day of each month, so that the balances could be checked through the different officials' books.

Fullerton
We examined and checked the books of the clerk, recorder, treasurer, marshal, and librarian, and found the clerk's books balanced on the first day of each month, showing a balance which should be in the treasurer's hands on the 1st of Dec., 1911, to be \$1984.12. The treasurer's books showed a balance due the city in the various funds of \$1768.60, less outstanding warrants amounting to \$33.05. Since July 1, 1911, he failed to produce any warrant paid by him between Dec. 1, 1910, and July 1, 1911, therefore, we cannot say if he has paid them or not. If he has not paid them he is far more out of line than the balance of his books indicate.

The other officials accounted for all public funds received by them by holding receipts from the treasurer for same.

We cannot too strongly urge the city trustees of Fullerton to look after the financial interests of the city in a more businesslike manner. The books of the marshal showed that he had paid to the treasurer \$36.75 more than he had collected.

Santa Ana
We examined the books of the clerk, treasurer, recorder, tax collector, marshal, street superintendent, water superintendent, and librarian, and found in the treasurer's hands on Dec. 1, 1911, by his books, \$20,856.50, less outstanding warrants, the exact amount we cannot state on account of the clerk never balancing his books. We would have had to go back years to find a place where the clerk's and treasurer's books corresponded. We find by the clerk's

books as near as we could get at it in the time allowed us to dig into them that there should be in the treasurer's hands by the clerk's books, \$18,400.97; and in addition we found due the library fund, \$1619.30. We wish to call attention to several bad practices among the officials in Santa Ana. The clerk never makes any pretense of balancing his books at all to see if his books compare with the books of the treasurer. The treasurer's books run for months at a time without being balanced, and with a few exceptions this is the practice of the officials of Santa Ana. The street superintendent keeps no books at all. He should be required to keep books of his transactions with the city. All officials should be required to balance their books on the first day of each month. Then the mistakes and clerical errors would at once be detected, if checked with each other's books, while as the books are now kept in Santa Ana, these clerical errors go undetected for almost an unlimited time. We cannot too strongly urge the trustees to look after the financial part of the city's interest with more care. Their neglecting this is a failure to perform their official duties in the interest of the people. And we recommend that an up-to-date system and set of books be started at once. The system is absolutely wrong. The treasurer should each month turn the vouchers to the clerk, take his receipt for them and the clerk file them away. We cannot in too strong terms condemn the trustees of Santa Ana for not looking after the financial and clerical part of the city's business, as it could not be in its present condition if they had given it proper attention.

Stanton
We examined the books of the clerk, treasurer and marshal. The treasurer's books showed on hand on Dec. 18, 1911, \$679.99, less outstanding warrants, \$103.50, which corresponded with the clerk's books. They have proper books and are starting out in the right manner so as to keep good track of the finances of the city.

Orange
We examined the books of the clerk, treasurer, marshal, recorder and librarian. The books we found all balanced on the first day of each month. The clerk's books showed a balance on hand of \$32,842.27. The treasurer's books showed a balance

on hand of \$32,862.27, less unpaid warrants of \$20.00—\$32,842.27. Also the treasurer's books showed in the library fund, \$1363.11. The books were accurately kept, and we commend the clerical officials for the businesslike way in which they keep track of the finances of the city.

Miscellaneous
We wish to state in passing, to the public and officials of the county, who have looked on the grand jury as a joke, that we have reported things just as we found them, without fear or favor, while no doubt in the past, the grand juries either have used the whitewash brush or failed to fully investigate, or so run across could not be as we found them. While we have found many clerical errors and had them corrected and caused many improvements to be inaugurated, we with our hesitation have felt it our duty to tell the people just what and how we found things in each office, and in doing so we feel that we have done our full duty toward the people, there being no other object in view. We ask the people to read this report, as it is the annual invoice of this big enterprise, Orange county, of nearly three quarters of a million dollars worth of business, and we are the people you have employed to take your invoice, and report to you our findings. Therefore, we feel that you are entitled to a plain, frank statement of how the balance sheet shows, and how efficient your clerks are. Looking at it from this standpoint, where we have found your help, where we have felt it our duty to tell you so, and if not efficient we have had no hesitation in telling you that such is the case.

Complaints Received
The grand jury has had written charges filed with it by a number of citizens of Orange, stating that certain city officials of the city had been in the habit of violating the law by selling various supplies to the city, and other acts, while they were occupying official capacities. Our committee investigated this matter and found that the charges were true, that certain city officials had sold various supplies to the city while they were officers of the city of Orange, which is a plain violation of law, and we cannot too strongly condemn the practice. The grand jury has turned all written complaints over to District Attorney L. A. West.

Commends Clerks
Before closing our report, we feel as though we would not have performed our full duty, unless we paused a moment and called your attention to one class of your hired help, who are with few exceptions faithful and efficient, who no former grand jury or anyone else has referred to, and that is the pleasant, hard-working young lady clerks in the courthouse. For the most of them we cannot say too much in praise of their courteous manner, faithful attention and willingness to do the responsible work allotted to them.

We condemn the business methods of the various boards of education over the county. The people pour money into the boards' hands unstintingly; they turn around and throw it away both in waste of fund and destruction of property. We urge the people to call these boards to account, and require them to practice a little economy, and look after the property and finances in a more businesslike manner. We are all willing to pay out money for schools, but we condemn this reckless waste of the people's money as we see it all over the county, without care of results.

In closing our report we desire to express our appreciation and compliment the supervisors for their prompt action after we had called their attention to the much needed repairs at the jail, as they are now before we adjourn, preparing to let the contract for the improvements asked for. The people are entitled to know that your supervisors are men who are able, ready and willing to make public improvements when they are shown they are a public necessity.

All of which is respectfully submitted.

F. A. HOLBROOK, Foreman.
E. A. STOCKSLAGER, Sec'y.
Santa Ana, Cal., Jan. 17, 1912.

ORANGE COMMENT ON GRAND JURY REPORT

ORANGE, Jan. 18.—The statements of the grand jury in regard to charges made to the grand jury that certain officials, unnamed in the report, have violated the law in that relatives of city officials have furnished the city with supplies has caused a good deal of comment here. From the wording of the grand jury's report one might conclude that the practice has been carried on rather extensively. Some of the city officials are "a little hot under the collar." They say that the report should have been specific, and thus not reflect upon officials not concerned in the matter.

According to those who were interviewed by members of the grand jury in the investigation here, the accusations concern two firms. One firm is Barnett & Bonebrake, hay and feed dealers. When Barnett was city marshal some feed was bought by city teamsters for city teams, and the city paid the bill of \$20. The other firm is the Elitiste hardware and implement firm, run by the son of M. Elitiste, a minor. A grader blade costing \$12 was bought from the firm.

Danderine

Stops Falling Hair and Destroys Dandruff

Makes the Hair Grow Long, Heavy and Luxuriant and We Can Quickly Prove It

If You Wish to Double the Beauty of Your Hair at Once, Just Get a 25 Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Danderine from any drug store or toilet counter and try it as directed.

LOS ANGELES PRODUCE MARKET

The general market for citrus fruits was devoid of features and price changes were numerous. The movement in navel oranges was sluggish, save for extra quality stock of large size, which met with a fair sale at the top rates. General receipts were liberal.

Prices for lemons, tangerines and limes showed little change, and trading was confined to small orders. Some fancy tangerines were sold up to \$2.40 for large boxes, but the general run of stock sold at \$1.40 a lug box.

Trading in dried fruits is reported good this week and about everything on the list is coming in for more or less inquiry. Evaporated apples rule steady at maximum quotations, with indications of an advance. Apricots are unchanged from a week ago, as are figs, peaches and pears. The latter for two varieties are firm. The prune market is in good shape. Raisins show no change this week. Business is done largely at the minimum prices, owing to a lack of interest at this season. Growers are holding firm, and the market shows no weakness. Seedless are strong and well held.

The egg market showed no change. Prices were firm on fresh stock under the revised figures of the previous day. The storage stock is about cleaned up, only a few boxes remaining. Pulled eggs were only in fair demand. Arrivals were 263 cases. The butter situation was unchanged. Prevailing quotations were upheld. There was a good call for cooking butter. Receipts were 20,264 pounds. Cheese was firm. All varieties moved out at full figures. The northern fresh and Edam received the most attention. The former was held at 17 1/2 cents. Receipts were 595 pounds. There was a good demand for potatoes.

atoes, -alinas and Lompoc were in good demand, notwithstanding that the previous day showed a marked advance in these varieties. Highlands sold from \$1.75 to \$1.90 a hundred-weight; a good movement was shown at these figures. Arrivals were 1473 sacks.

Yellow Danvers and Australian brown onions showed an advance of 25 cents on the best stock. The low level was held at \$2.25. The demand for these varieties was very good. White wax onions are still scarce, and dealers are upholding the quotation of \$3.50. Receipts were 609 sacks.

The sweet potato market was firm. There was a good outlet for the light receipts. Considerable second-grade stock is on the market, and dealers had trouble in disposing of this stock. Arrivals were 57 sacks.

Bean receipts were 57 sacks. The market was firm. The vegetable market showed no change as far as quotations were concerned. There was a good demand for all kinds of vegetables, and the stock moved out at full figures. Cauliflowers were shipped out in good shape.

LEGAL NOTICES

ADVERTISEMENT OF APPLICATION

In Re Application of Anaheim Union Water Company for a Right of Way in Water Pipe Along Piacenta Avenue.

Before the Board of Supervisors of the County of Orange, State of California. Notice is hereby given and advertisement made that Anaheim Union Water Company has applied to the Board of Supervisors of Orange County for a franchise and right to lay, maintain, and operate in said County of Orange, along the west side of Piacenta Avenue, from the south line of Section 36, Township 3 South, Range 10 West, S. B. M., to the quarter-section line running East and West through the center of Section 25 in said Township and Range, a reinforced concrete pipe 24 inches in diameter, the top of the pipe to be laid at least 4 feet underground, for conducting water for irrigation and domestic use.

That it is proposed by said Board of Supervisors to grant said application, that bids will be received for such franchise, and that it will be awarded to the highest bidder, the term for which said franchise is to be granted is fifty years; that sealed bids therefore will be received up to the 15th day of February, 1912, at the hour of 3 p. m.; and that the successful bidder must, during the life of said franchise, pay to the County of Orange two per centum of the gross annual receipts of the person, partnership, or corporation to whom the franchise is awarded, arising from its use, operation, or possession. No percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually; and in the event said payment is not made, said franchise shall be forfeited.

That said franchise will be struck off, sold, and awarded to the person, firm, or corporation who shall make the highest cash bid therefor, and that at the time of the opening of said bids, any responsible person, firm, or corporation, who may desire to be considered for said franchise or privilege, may bid for said franchise or privilege a sum not less than ten per centum above the highest sealed bid therefor; and said bid so made may be raised not less than ten per centum by any other responsible bidder, and said bidder may not continue until finally said franchise shall be struck off, sold, and awarded by said Board of Supervisors to the highest bidder therefor in gold coin of the United States. Each sealed bid shall be accompanied by cash or a certified check, payable to the treasurer of said Orange County, for the full amount of the amount of his bid, and said cash or check is to be deposited with the County Clerk of Orange County before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case, his bid shall not be received, and shall be considered as void, and the said franchise shall be sold to the bidder who shall make the highest cash bid therefor, subject to the same conditions as set forth as above mentioned. Said procedure shall be had until said franchise is struck off, sold, and awarded to a bidder who shall make the necessary deposit of at least ten per centum of the amount of his bid therefor, as herein provided. Said successful bidder shall, within twenty-four hours of the acceptance of his bid, the remaining ninety per centum of the amount of the bid, and if it shall fail to do so, then the said deposit theretofore made shall be forfeited, and the said award of the franchise shall be void, and the said franchise shall be sold to the bidder who shall make the highest cash bid therefor, subject to the same conditions as set forth as above mentioned.

That the purchaser of said franchise, upon the completion of said work, shall leave and thereafter maintain, the highway over which said franchise shall be granted, in as good condition as at the beginning of said work, and during and subsequent to the construction thereof, said purchaser shall be responsible for all damages which may accrue to the County of Orange or any person by reason of the construction, maintenance, or operation of said pipe line.

In witness whereof, by order of said Board of Supervisors, I, the undersigned, subscribed my name this 10th day of January, 1912.

W. B. WILLIAMS,
County Clerk of Orange County and ex-officio Clerk of Its Board of Supervisors.

SOUTHERN PACIFIC CUTS TIME FROM PORTLAND

—Commencing January 15th Shasta Limited No. 11 from Portland due to reach Port Costa at 7:30 p. m. Owl from San Francisco at 6:20 p. m. due Port Costa 7:35 u. m. making fine connection with Shasta Limited enabling passengers to come directly through instead of remaining overnight at San Francisco. This makes time from Portland to Los Angeles only 38 hours 15 minutes.

"PAID IN FULL"
A good-sized audience gathered at the Grand Opera House last night to witness the human-interest social-problem play entitled Paid In Full. The company was not exceptionally strong, but met the requirements of the play quite well. The play itself is good; the dual lesson being that a really good woman is pretty safe, even in the hands of a man who could hardly be called good, where women are concerned; and that questionable business methods and harsh and grasping business policies on the part of employers do not justify dishonesty on the part of underpaid employees. The continued good attendance at the Grand demonstrates that liberal advertising and courteous and progressive methods, coupled with good plays, will insure liberal patronage and likely appreciation on the part of the public.
